KENTUCKY AT THE FAIR.

Kentucky, famous both for the quantity and quality of her whiskey, has made a record on the water wagon, as will be evidenced by the statement that at the close of the Louisville and Purchase Exposition nearly 800,000 gallons of water will have been consumed in the Kentucky building at the World's Fair.

No whiskey has been bought by the Kentucky Commission and all that has been used was the gift of the distillers of the State.

"Hundreds for water, not one cent for whisky," was the Declaration of the Kentucky Commission at the opening of the Exposition, and it has been carried out to the letter. The water bill at the end of the Exposition will have amounted to \$23,649.75, at the rate of 3 cents per gallon for 788,395 gallons.

PROVERBS

"When the butter won't come out a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever said why.

When mothers are worried about the children do not lose strength and flesh we give them Scott's Emulsion.

It is like the penny in the churn because it works and because there is something soothing about it.

Scott's Emulsion is simply milk of pure cod liver oil with some hypophosphites specially prepared for delicate children.

Children take to it naturally because they like the taste the remedy takes just as easily to the children because it is so perfectly adapted to their wants.

Children are all weak and pale and children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free.

Be sure that this picture is the form of a label is on the wrapper of every bottle of Emulsion you buy.

SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. Sec. and \$1.00; all druggists.

For the use of Kentuckians and other visitors to the State pavilion a modern water fountain was installed, and that ice water was the more popular beverage among these people, who are supposed to have an especial fondness for something stronger, is attested by the enormous quantity consumed. It is understood that there is some whiskey to be found in the building but it has been used only for medical purposes.

No Kentuckians have been arrested, either by the Jefferson Guards or the World's Fair police, upon any charge whatever, since the opening of the Exposition. Several citizens of that State are on the Jefferson Guard and they have proved to be of the very best service to the officers.

Thousands Cured.

DeWitt's Witch Hazel Salve has cured thousands of cases of Piles. "I bought a box of DeWitt's Witch Hazel Salve on recommendation of our druggist," so writes C. H. LaCroix, of Zavalla, Tex. "and used it for a stubborn case of Piles. It cured me permanently." Sold by Woods & Orme, Druggists.

RHODES SCHOLARSHIP.

Winchester, Ky., Nov. 10.—The trustees of the late Cecil Rhodes, the South African multimillionaire, who left the great bulk of his fortune to education, have notified the committee for Kentucky that another scholarship will be awarded in January, 1905. Clark Tandy, of Hopkinsville, a graduate of the State College, won the first scholarship and he is now at Oxford University enrolled as a student. The appointment will be made by competitive examination to be held in the city of Lexington in January. Full information may be obtained from either Prof. Arthur Yager, chairman, Georgetown, or Dr. John L. Weber, Secretary, of Winchester.

Only Makes a Bad Matter Worse.

Perhaps you have never thought of it but the fact must be apparent to every one that constipation is caused by lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25c bottle of them. Sold by Woods & Orme, Druggists.

Sturgis is to have an electric light plant. A franchise has been bought by the Sturgis Electric Light Company and work on the plant will begin at an early date.

Mothers Praise It.

Mothers everywhere praise One Minute Cough Cure for the sufferings it has relieved and the lives of their little ones it has saved. A certain cure of coughs, croup and whooping cough. A. L. Spafford, Postmaster of Chester, Mich., says: "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. One Minute Cough Cure quickly relieved and cured her and I cannot praise it too highly." One Minute Cough Cure relieves coughs makes breathing easy, cuts out phlegm draws out inflammation, and removes every cause of a cough and strain on lungs. Sold by Woods & Orme, Druggists.

HARD TO BEAT.

A trial was lately made in Austria to decide in how short a space of time living trees could be converted into newspapers. At Eishthal at thirty-five minutes after seven in the morning three trees were sawed down; at thirty-four minutes after nine the wood having been stripped of bark, cut up and converted into pulp, became paper and passed from the factory to the press, whence the first printed and folded copy was issued at ten o'clock. So that in one hundred and forty five minutes the trees had become newspapers.

Disastrous Wrecks

Carelessness is responsible for many railway wrecks and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs, and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Louis Craig of Dorchester Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by Woods & Orme, Druggists. Price 50c, and \$1.00. Trial bottles free.

OFFERS FIVE DOLLARS.

Five dollars has been bid for the Nevada building at the Worlds Fair, that being the smallest sum offered for any of the State buildings. The bidder is J. W. Watkins of St. Louis. The letter making the offer was received at the Nevada building and filed in the unanswered letter box in the archives of the building where it will probably remain.

The communication written by Mr. Watkins is in the form of a contract. He says the contract does not include the furnishings or decorations of the building but simply the bare structure, without any of its adornments. In the contract Mr. Watkins guarantees to remove the buildings and to restore the site on which it stands to its former condition.

By consigning Mr. Watkins' letter to the unanswered file the Commissioners mean that they have a much better bid. In fact, they admit that they have had several offers ranging from two hundred to six hundred dollars. The Commissioners have not decided what disposition they will make of the building.

A Good Complexion.

"Sparkling eyes and rosy cheeks restored by using DeWitt's Little Early Risers," so writes S. P. Moore, of Nacogdoches, Tex. A certain cure for biliousness, constipation, etc. Small pill—easy to take—easy to act. Sold by Woods & Orme, Druggists.

TRAIN WRECKED.

The engine pulling the miniature railway train which runs between New York and the North Pole and the southwest corner of the Palace of Forestry, Fish and Game broke from its train just after crossing the roadway near the Administration restaurant yesterday afternoon.

It left the curve about seventy-five feet west of the exhibit palace and turned over, completely demolishing the cab, tearing off the running boards and part of the jacket of the boiler.

No one was injured, but traffic was delayed until steam could be raised in another engine.
